

Neighborhood Services Organization

Mission Statement

Transforming lives and encouraging independence through safe, healthy homes, dental care and nutrition.

Vision Statement

To bring Christ's love to the homeless and working poor and empower them to break the cycle of poverty.

Core Values

- Client-Focused
 - Our clients are at the center of what we do. We strive to give our clients the opportunity to have a family even when their biological families cannot or will not be there for them.
- Servant's Heart
 - We meet our clients where they are at without judgement; are compassionate and go the extra mile to assist those in need (consistent with our other values); and treat others with respect.
- Integrity
 - We strive to conduct ourselves with honesty and accountability. We own up to our weaknesses, take responsibility for them, and always strive to do better.
- Empowerment
 - We seek to be a powerful agent of change in the lives of our clients. We encourage them to take charge of their own lives and ensure they have the resources they need to be successful.
- Collaboration
 - We accept that we cannot do everything on our own, so we partner with others who share the same goals. We provide a coordinated effort in our outreach to the hungry and homeless.
- Informed and Visionary
 - Since 1920, we have monitored changes in the community and adapted inspirational programs to meet those evolving needs. We constantly assess the needs of the most vulnerable person in the community and additional way to address those needs. We not only seek to have an impact now, but also in the years to come.
